THE NORMAL IS FAR AWAY

Wuhan Shows That The Normal Life Before COVID-19 Might Still Be Far Away

When Wuhan Officials lifted the 76-day quarantine, the citizens realized the actual recovery and reopening might be terribly slow.

Most stores are still shut, restaurants are closed. Some people think that normal life will never come back.

What will happen is unknown. People are still debating that.

CYPRIOT QUARANTINE EXTENDED!

For Schools, Only Grade 12 Will Go

The Cyprus Flag

Cypriot officials have just decided to extend the quarantine. The official decision will be announced later today, here is what Vintro's knows.

We know Grade 12 is definitely coming back to school, most probably since they have end of year exams to get them into college. The rest of schools is still unknown.

We also know that construction sites will open. You cant delay a construction site THAT long, can you?

We think that some small businesses will also open, since you cant live in quarantine for ever since eventually you will run out of money and food!

Vintro's will reopen most probably when middle schools get back, and will fully reopen when whole schools are completely back.

SURVEY FOR VINTRO'S CLUB MEMBERS: When do you think will Cyprus fully reopen? If you reply, your name will bne put into a raffle for a chance to win a free painting of the winners choice!
